

To Whom It May Concern

20th March, 2025

This is to testify that we, at MALIKS, have been working with Nascode for about 2 years now as our digital marketing agency. They took care of all our social media platforms, came up with the ideas, did all the posts and video productions, and did all the boosting. The actual results we have seen is a boost in sales of around 15% per year for the past two years in a row.

Nascode have proved to be very professional, but even more, very helpful in going the extra mile to advise us on our general marketing strategies. They are strongly recommended by us.

Best regards,

Malik Barakat
